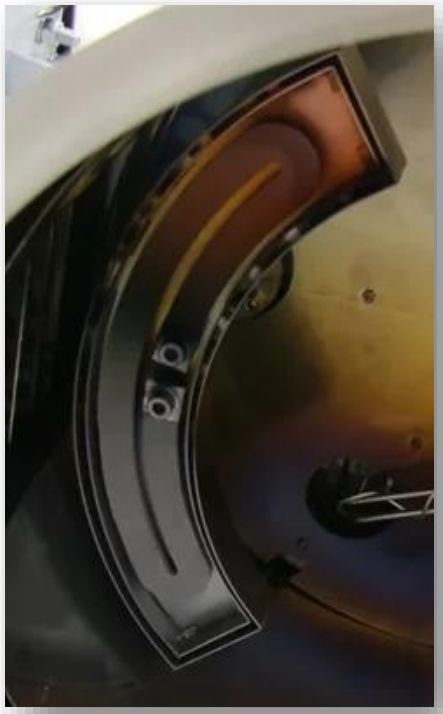
Heater



Heater
ЛЦМК. 245.00.00.00.000-02

The device is designed to heat products in a vacuum chamber by using a direct-heated tape heater.

Parameter	Value
Maximum power	2.5 kW
Maximum current	160 A
Working temperature	50-350°C
Minimum consumption of cooling	1,5 no more than, l/min
Mass	4 kg
